Red House Readers Richard Crowhurst and Carey (4 months) review **Noisy Baby**

"Carey's eyes lit up at this colourful book with its bright geometric shapes. The crinkly fabric handle allowed her to hold and grip the book herself and her fist soon found its way through the large hole. The squeaker on the back was sensitive enough to respond to her fists, surprising both of us. The shapes and colours throughout the book fascinated Carey... Like most things at the moment, it wasn't long before the pages and fabric found their way into her mouth, but the stout construction and thick card pages seem like they could withstand this for quite a while. The book was a real hit and certainly something Carey will enjoy for a long while to come."
